Your Unified Source of Truth - Introducing the Stutts Standard

Proud American Patriots, welcome to the first edition of the GCGOP Newsletter, The Stutts Standard. Following in the footsteps of our beloved late leader and friend, Pressley Stutts, this newsletter will bring you the unfettered Truth. We vow to speak freely, boldly, and transparently while delivering party updates, addressing hot topics, and empowering the People with practical Call to Actions that will be crucial to holding our elected officials accountable.

We thank you for standing up for our Freedoms, for choosing to be a part of the solution, and for participating in the fight to take our great Country back. While we find ourselves in desperate times, fear not, for we have God-the Truth, the Light, and the Way-on our side. Together, we will put on the full armor of God and go boldly where others will not. We will expose the deep state establishment, we will replace the Socialist Democrats and Republicans In Name Only with true Patriots who are willing to uphold the Constitution and protect the Rights of the People, we will Save America for ourselves and our posterity and we will never back down.

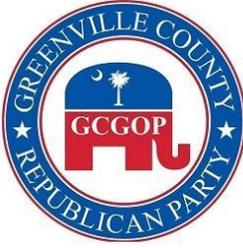

Enjoy this edition of The Stutts Standard, and remember, the Power will always be in the People.

Focus: The Need to Know

Monoclonal Antibody Treatment Centers: Thanks to the hard work of the People, the Legislative Liaison Committee, and some key State Reps who supported the GCGOP call for Monoclonal Antibody Treatments in South Carolina, DHEC now encourages the use of Monoclonal Antibody Treatments. This is a direct result of the diligence of this party, consistent outreach and garnering of support from our legislators resulting in a special Medical Affairs Committee hearing and brave individuals including doctors, nurses and American citizens fearlessly sharing their experiences. Be brave, Patriots!

Curriculum Transparency Bill: PA recently passed HB1332, a Curriculum Transparency Bill that was authored on the simple premise that every parent has the Right to know what is being taught to their kids in school and that this information should be readily available to them. **Call To Action:** Please reach out to your legislators and let them know you would like to see a similar bill passed here in South Carolina. One individual you can reach out to immediately is [Senator Greg Hembree of Horry County, Chairman of Education Committee.](#)

Vaccine Mandates: There is a lot of confusion around the Biden Administration's position on vaccine mandates. Here are the facts. There has been no law or EO signed to date mandating vaccines for private companies. If your company is mandating the vaccine, it is important to understand they are doing so based on a press conference. If you or someone you know faces termination due to vaccination status here are a few valuable resources:

<https://www.myscgop.com/medicalfreedom> Endless resources and downloadable guides!

<https://timetofreeamerica.com/> Here you can find facts regarding the vaccines, their ingredients, their adverse affects, the deepstate plan, as well as religious exemption forms, assumption of liability forms, and more.

[Vaccine Exemption Guide](#) Keep in mind - quitting your job releases your company of any liability and essentially places all of the burden on you. Also, refusing the vaccine is an easy way to become a target - consider "deferring your acceptance of the vaccine" instead. And yes, you can defer indefinitely!

Bills in the SC State House to protect citizens against vaccine mandates and repercussions for their personal medical decisions:

[H3217](#) & [H3511](#) **Call To Action:** Call and Email your legislators and let your voices be heard. Demand they represent you adequately and get these bills passed!

Committee Callouts

Membership & Reorg

Committee Goals include recruitment of precinct leaders and a strong County Convention as well as support for Credentialing.
